

G H Patel College of Engineering and Technology

Department Of Computer Engineering

A.Y. 2017-18(EVEN), SEMESTER 6
SUBJECT CODE: 2160708

SUBJECT NAME: WEB TECHNOLOGY

OPEN ENDED PROBLEM

Topic: Mobile Comparison

Prepared By:

1. Harsh Brahmbhatt (150110107007)
2. Jay Dave (150110107013)

— Description:

- Our project will finally create a website that connects users. It is also great for users who are looking for newly developed gadget. It will increase knowledge about particular gadget and gives detail specification of gadget.

— Source Programs:

}

?>
</body>
</html>
```

The screenshot shows a web application interface with a dark header bar containing the links "MobileInfo" and "Home". The main content area has a light gray background and features a white box titled "Login or Create a Free Account!". Inside this box, there are two columns of form fields. The left column, labeled "New Account:", contains three input fields for "Username", "Email", and "password", followed by a "submit" button and a "Sign in" button with a Google logo. The right column, labeled "Login:", contains two input fields for "Email" and "Password", followed by a "Login" button.
